REPORT OF INDEPENDENT ACCOUNTANT

Board of Directors
International Business Securities, Inc.
Los Angeles, California

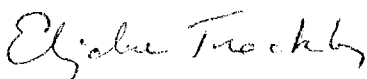

I have audited the accompanying statement of financial condition of International Business Securities, Inc., and related statements of income, cash flows, and changes in shareholder's equity as of June 30, 2002. These financial statements are being filed pursuant to Rule 17a-5 of the Securities Exchange Act of 1934 and include the supplemental schedule of the net capital computation required by rule 15c3-1.

These financial statements are the responsibility of International Business Securities, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, such financial statements referred to above present fairly, in all material respects, the financial condition of International Business Securities, Inc. and the results of operations, cash flows and shareholder's equity as of June 30, 2002, in conformity with the generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Supplementary Information on pages 11 to 12 is presented for purposes of additional analysis and is not a required part of the basic financial statements but includes supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INTERNATIONAL BUSINESS SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2002

NOTE 1 - ORGANIZATION

International Business Securities, Inc. (the Company) is a registered broker-dealer incorporated under the laws of the State of California maintaining its principal office in Los Angeles, California. The Company operates pursuant to the (k)(2)(I) exemptive provision of the SEC Rule 15c3-3 and does not hold customer funds or securities. To date, its principal and only office is located in Los Angeles, California.

NOTE 2 - NET CAPITAL REQUIREMENT

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital as defined under such provisions. At June 30, 2002, the Company had complied with the requirement. The computation of net capital requirements pursuant to Rule 15c3-1 appears on page 8.

NOTE 3 - INCOME TAXES

Net operating loss carry forwards of approximately \$786,000 at year-end 2002 are available to reduce future taxable income. Of these carry forwards, \$580,000 expires in 2003, \$87,000 in 2004, \$58,000 in 2005, \$15,000 in 2006, \$7,000 in 2010, \$36,000 in 2011 and \$36,000 in 2012.

NOTE 4 - COMMITMENTS AND CONTINGENCIES

The Company facilities are an office in home, consequently, there are no lease obligations.

NOTE 5 - USE OF ESTIMATES

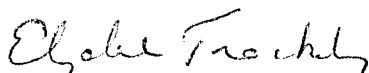

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PART II

INTERNATIONAL BUSINESS SECURITIES, INC.

STATEMENT OF INTERNAL CONTROL

JUNE 30, 2002

ELIZABETH CERTIFIED
TRACTENBERG PUBLIC
ACCOUNTANT

REPORT OF INDEPENDENT ACCOUNT
ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC Rule 17a-5

Board of Directors
International Business Securities, Inc.
Los Angeles, California

In planning and performing my audit of the financial statements of International Business Securities, Inc. (hereafter referred to as the "Company") for the year ended June 30, 2002, I have considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practice and procedures (including tests of compliance with such practices and procedures) followed by the Company that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the company: (1) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;(2) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; or (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The Management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use of disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practice and procedures listed in the preceding paragraph.

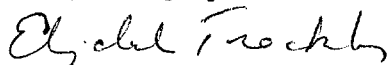

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

It has come to my attention that the SEC has brought to the attention of the Company that in a few transactions, some customers were charged an excessive mark-up/markdown and that the amount of any markup, markdown or similar remuneration received by a broker-dealer in a "riskless" principal transaction in an equity security be disclosed on the confirmation unless the firm is a bona fide market maker. The Company revised its computer software program to prevent the above deficiencies in the future.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under the standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relationship to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the accounting system and control procedures that I consider to be material weaknesses as defined above. In addition, the Company, was in compliance with the exemptive provisions of Rule 15c3-3 as of June 30, 2002, and no facts came to my attention indicating that such conditions had not been complied with during the year then ended.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at June 30, 2002, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the national Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.
